

PAYMENT VERIFICATION REMINDER

We recommend reviewing and confirming any method of payment before delivering products. The use of checks requires special attention and must be validated by the bank before completing the transaction. Please remember to choose reliable and electronic payment methods whenever possible.

BEST PRACTICES FOR SAFE TRANSACTIONS

For your peace of mind and the security of your sales:

- ✓ Always verify payments before delivering products.
- ✓ Checks can take time to clear, so wait for the bank's confirmation.
- ✓ Choose secure payment methods such as bank transfers.

SAFEGUARD YOUR BUSINESS WITH THESE PAYMENT TIPS

Consultants, to protect your business and ensure secure transactions, we recommend:

- Always verifying the payment method before delivering products, especially when it involves checks.
- Remembering that a check may take time to clear; therefore, it is important to wait for the bank's confirmation.
- Preferring secure payment methods such as bank transfers or electronic platforms.
- Confirming the identity of new or infrequent customers.
