What Makes a Legend Legendary?

A Legend is more than a fragrance — it's a statement. Sophisticated. Authentic. Robust. Impactful. Each scent in our collection embodies timeless confidence and unforgettable presence.

LEGEND

A resolute and robust fragrance built on a classic accord of bergamot, intensified by cinnamon notes, and grounded with ambered vetiver notes, like a tree rooted to the earth.

LEGEND HYPNOTIC

An addictive fragrance that inspires others with elegant sandalwood, blended with the exclusive merlot accord, and a lasting impression of cypress.
