CELEBRATING 65 YEARS OF BEAUTY

At JAFRA, we've been obsessed with beauty for 65 years. We love how the right skin care can bring out your most beautiful complexion, and how that perfect shade of lip color can make you feel. We believe all men and women are beautiful and we help them enhance what they like most about themselves.

From the time we offered our first products back in 1956 to today, our mission has always been to uplift your beauty spirit by creating optimum beauty care that helps you express who you are, because each person is special and unique.

At JAFRA, we believe in people and taking care of the planet, that's why we only source the finest, most advanced ingredients, we don't test our products on animals, we work with the world's top fragrance houses, and we believe in diversity and empowering men and women all over the world.

Beauty is powerful. It creates confidence and positivity. It's fun and social. It has heart and a caring spirit. To us at JAFRA, it's a reflection of who we are, and have been for the past 65 years.

We're proud of our beauty history. Our commitment to you is to continue offering excellent products with amazing results to help you look and feel more beautiful and help you reveal your inner light and contagious smile for the world to see.

With affection,

Judith Sánchez,
General Manager, JAFRA USA
