

JAFRA

freedom to be you

2023 FALL - WINTER

WHAT'S IN A NAME?

People always ask us where our iconic name comes from. JAFRA is a combination of our founders' first names. We get the JA from Jan and the FRA from Frank. Put them together and what do you get? JAFRA!

**JA(N)
+ FRA(NK)**

JAFRA

To this day, we feel strongly that our name expresses the continually inclusive and collaborative spirit that Jan and Frank Day imagined all those years ago.

THE JAFRA LEGACY

What would you do if you were a woman passionate about starting your own beauty company, capable of inspiring other women to feel great about themselves, but continually told you weren't smart enough, good enough, or glamorous enough to succeed?

Would you listen to the naysayers? Would you allow others to define your future? Your value? Or would you confidently summon your inner strength, put on your favorite shade of lipstick, and start building a legacy? Jan Day decided to build a legacy. That legacy is JAFRA.

JAFRA has always been a different kind of beauty company. Since the very beginning in 1956, we have never sought to hide who you are or what you look like, we have always strived to enhance it. We celebrate your unique spirit and all those little, loveable things that make you imperfectly perfect and individually beautiful.

That's why we create beauty products and business opportunities that cater to you and all that you need, allowing you to explore, discover, reinvent, and reveal your true potential and always radiate your unique, beautiful self.

Our mission is to transform your life and the lives of people like you all around the world. We want to empower your personal development and elevate your community. Our vision is to build an inclusive community of entrepreneurs by sharing our best-in-class opportunities and high-quality beauty and fragrance products.

We believe in making confidence contagious, spreading success, and inspiring individuality. We are here to make your best even better, your smile a little wider, and your future all the brighter.

A NATURAL LEADER WITH A BRAVE SPIRIT

As a young woman, Jan Day had dreams of building her own beauty brand, but she was continually told she wasn't the right fit for the industry.

But, as a natural leader with a brave spirit, Jan wasn't interested in fitting into the industry, instead, she was determined to change it. She wanted to create a new kind of beauty company, one that was dedicated to empowering and inspiring women to invest in the idea that everyone is beautiful and that everyone "...has the right to grow, to change, to strive, to reach for any goal without limit."

With that in mind, Jan Day and her husband Frank created JAFRA, a beauty company that has inspired generations and empowered millions to look and feel their best at any age.

SKIN CARE

START A **JAFRA** SKIN CARE ROUTINE AND LOVE THE SKIN YOU'RE IN.

Take Care of the Skin You're In

You are beautifully unique and we think that deserves to be celebrated. With over 65 years of experience, we know a few things about creating opportunities to invest in yourself with great products, which is why we recommend you create your own JAFRA skin care routine. Check out our suggested skin care steps, then discover a routine that is as unique and as beautiful as you are.

CLEANSE: We recommend cleansing every morning and night.

TONE: Using a toner helps wipe away excess makeup and other dirt and/or debris left on the surface of your skin after cleansing.

REPAIR: Serums are a wonderful way to target your specific skin issues to help repair and restore what your skin needs most.

MOISTURIZE: Keeping your skin hydrated and moisturized helps prevent signs of aging, while improving your skin's overall health.

EYES: The skin around your eye area needs extra gentle and special care, which is why eye creams are formulated to gently sink in and work their magic.

SPF: Using an SPF is one of the most important things you can do to take care of your skin. Not only does it guard against harmful UV rays, but it also helps prevent signs of aging.

JAFRA ROYAL JELLY

Enhance Your Natural Beauty

Enhance your naturally gorgeous face with makeup created with luxurious textures, premium pigments, and the beautiful benefits of JAFRA's iconic Royal Jelly blend.

JAFRA ROYAL COLOR

ICONIC BEAUTY

JAFRA's Royal Color Collection combines the benefits of Royal Jelly with pretty pigments that highlight your natural beauty.

FIND THE RIGHT FOUNDATION

Your skin is gorgeous, but choosing the right color of foundation for its unique qualities can be a little tricky. What you want to focus on is the undertones of your skin. While the tone of your skin is light or dark, the undertone is cool, warm, or neutral. Here are a few ways to determine your skin undertone.

Flip your wrist and look at your veins. If they appear green, then you likely have a warm undertone. If they're bluish in color, then you probably have cool undertones.

Which do you like wearing more? Gold or silver? If gold glitters on your skin, you probably have warm undertones. If you sparkle in silver, then you likely have cool undertones.

Hold a white cloth next to your clean face and determine what colors your skin is casting. If your skin is warm, it will appear yellowish. If your skin has cool undertones, it will seem pink or bluish.
