

NEW LOOK!
Improved formula

Fun in the Sun
just got even better!

Formulas designed with the daily defense your skin needs.

3 SPF Facts That Might Surprise You

1. UV rays are present year-round, even during winter.
2. Your ears, neck, and hands need SPF too! These areas are often forgotten but highly exposed.
3. SPF helps prevent visible signs of aging caused by sun exposure, such as fine lines and dark spots.

Everything You Need for Fun in the Sun

Family-friendly, non-comedogenic formulas suitable for all skin types, including sensitive skin. Easy to apply and leaves no white cast.

Advanced protection broad-spectrum defense against UVA and UVB rays.

Hydration with panthenol (provitamin b5), which helps hydrate and care for skin exposed to the sun.

Proven results for skin that feels protected with a non-greasy finish and light scent.

From Science To Care

We carefully select ingredients that create an effective barrier for the skin, with a formula designed to be respectful of corals.

Clinically and dermatologist tested for allergy and irritancy.

Essential Face SPF

FACIAL SUNSCREEN BROAD SPECTRUM SPF 50+

Helps prevent sunburn and decrease the risk of early skin aging caused by sun exposure. Its non-comedogenic formula does not clog pores, making it perfect for all skin types, including oily, acne-prone and sensitive skin.

Key Ingredient:

Panthenol (Provitamin B5): Helps condition and hydrate the skin.

Tinted Face Protection

**FACIAL SUNSCREEN COLOR MATCH
BROAD SPECTRUM SPF 50+**

Helps prevent sunburn and decrease the risk of early skin aging caused by sun exposure. Its non-comedogenic formula does not clog pores, making it perfect for all skin types, including oily, acne-prone and sensitive skin.

It helps minimize the look of skin imperfections with microencapsulated pigments that blend seamlessly with your skin tone.

Key Ingredient:

Panthenol (Provitamin B5): Helps condition and hydrate the skin.

SPF For Every Adventure

**BODY SUNSCREEN BROAD
SPECTRUM SPF 50+**

It provides effective broad-spectrum protection for the entire body by helping prevent sunburn and reduce the risk of early skin aging caused by sun exposure. Formulated for quick absorption with a non-greasy and lightweight feel.

Key Ingredient:

Panthenol (Provitamin B5): Helps condition and hydrate the skin.

After Sun Care & Comfort

AFTER SUN RELIEF LOTION

It helps to quickly soothe, comfort and moisturize sun-exposed skin with Smooth Restore technology.

Its fast-absorbing formula, enriched with Vitamin E, provides hydration and an instant refreshing, cooling sensation.

Key Ingredient:

Vitamin E: hydrates skin.
